907.388.3324

1. Please describe in light of the responsibilities of the RESNET Board why you are the right person to be a member of the RESNET Board of Directors

I was one of the first certified energy raters in the nation beginning in the early 1980s. I have dedicated decades of my career on growing the HERS industry. No one else has the depth of experience that I would bring into the RESNET Board.

I will bring the perspectives gained through this experience in the industry to the RESNET Board and represent the raters interests in Board deliberations.

Am active in the Fairbanks and Alaska State Home Builders Association and NAHB and have a deep knowledge of the opportunities the rating industry brings builders.

2. Why is this the right time for you to serve on the RESNET Board?

The time is right because nationally the HERS industry has at a tipping point.

I will bring the perspective of how energy ratings became mainstream in the Alaska housing market. Today rating scores are included in MLS across the state and a great majority of new homes are energy rated.

I will bring this success perspective to the RESNET Board.

3. Please explain your knowledge and/or experience in terms of each of the primary responsibilities of the RESNET Board

I have served on many board of directors including home builder associations, building science organizations dwelling inspection councils and the Alaska Housing Finance Corporation,

Am well versed in maintaining the strategic visions of organizations and providing the fiduciary and governance oversight.

4. Describe your experience in either leadership and/or serving on the board of a non-profit organization.

I have served on the Board of directors for many building and building science organizations. These include:

- 1980 – 1986 Public Member Alaska Board of Electrical Examiners (Chairman of Board 1983 – 1986)
- 1987 – 1990 Public Member Alaska Board of Realtors
- 1988 Founding Member of Alaska Craftsman Home Program (ACHP)
- 1988-Present Certified Trainer for Advanced Cold Climate Housing Techniques. Required class in Statute for all licensed Homebuilders
- 1990 Member of Alaska Housing Finance Corporation's (AHFC) Building Energy Efficiency Standards Committee
- 1991 & 1995 – Members of AHFC Board of Directors
- 1993 – 1995 President Alaska State Homebuilding Assn.
- 1995-1997 President ACHP Board
- 2015 Technical Advisor for 2nd Edition of ACHP's Northern Comfort Advanced Cold Climate Building Techniques Manual Version 2.0

NAHB Senior Life Director

Current Member NAHB Sustainability and Green Building Subcommittee

Current Member NAHB Energy and Green Codes Subcommittee

5. What would you contribute to the RESNET Board?

My decades of experience in working in making home energy ratings a mainstream in a housing market.
